## THE LOCAL CONTENT APPROVAL LETTER

(Made under Regulation 12 (3) of the Mining Local Content Regulations of 2018)

**HOT METAL WELDING COMPANY LIMITED,**  
P.O. Box 218,  
Mwanza - Tanzania.

Email: [hotmetalcompany@gmail.com](mailto:hotmetalcompany@gmail.com)

Tel: +255756603477

### A. Introduction:

This report is divided into six parts. The first part is an introduction which account on the general description of the company and what it does. HOT METAL WELDING COMPANY LIMITED is a private limited liability company incorporated under the Companies Act No. 12 of 2002 on 20<sup>th</sup> January, 2021 and issued with certificate number 149639519. The company is contracted by the Master Drilling Group as a subcontractor, for Provision of metal fabrication and welding Services basis to Master Drilling Group. The company's head office is located in Kahama, Tanzania.

### B. An Employment and Training Sub-Plan:

HOT METAL WELDING COMPANY LIMITED as stated in the introduction part of this report is a locally registered company with all its directors and shareholders being Tanzanians. According to Regulation 13 (1) and the First Schedule of the Mining Local Content Regulations of 2018, the company has achieved the minimum levels of local content for mining activity in Tanzania. The company has total of five (5) employees who are Tanzanians. That means now that the composition of all workers who are Tanzanian is 100%.

Even though HOT METAL WELDING COMPANY LIMITED is a local company but it has a training scheme. It provides weekly internal empowerment of the workers and others are sent for training to other recognized and certified institutions.

### C. A Research and Development Sub-Plan:

The company has been doing research on constructing, managing and maintaining the infrastructure that supports modern society including mines; metal fabrication and welding works in particular. The research on metal fabrication and welding bases on a wide range of components, devices and systems, with increasing extraction of mines and a growing proportion of metal fabrication and welding used for the dwellings and for outdoor. The company offers training and mechanical instructions thereafter to employees and community on metal fabrication and welding.

### D. A Technology Transfer Sub-Plan:

The Company conveys skills, knowledge, technologies, and methods of facilitating mining industry to staffs in the mines to ensure that scientific and technological developments are accessible to a wider range of users who can then further develop and exploit the technology into new products, processes, applications, materials or services. The company has been transferring intellectually stimulating projects to push forward the frontiers of technology development in the mines field.

**E. A Legal Services Sub-Plan:**

The company secures services from local law firms. The current law firm engaged to provide legal services for the company is Brighton Hagai Kagu, BEKA LAW ATTORNEY. The law firm was initiated by vibrant young lawyers who reside in Njombe. The company will continue to use this firm for its legal services.

**F. A Financial Services Sub-Plan:**

The company secures its financial services within the local banks. Current the company has a bank account with the Cooperative Rural Development Bank PLC (CRDB Bank PLC) and its accounts are audited by a local firm known as CMK Associates. The company will continue using these local firms for its financial services.

**G. Conclusion:**

As prior stated in this report, the company is locally registered with its shareholders being all Tanzanians. The employees who are Tanzanians account to 100% of all employees. So largely the company meets with the levels prescribed in the mining local content regulations.
